

S.B. No. 839 An Act Concerning mergers and
consolidations of various state agencies
Subject Matter- Government Reorganization

I, Jennifer Sola, am writing this letter to request that the Children's Trust Fund doesn't get closed down because of the benefits that they offer to many families in need. I have been involved with the Nuturing Families Network since Jan. of '08 and they've helped me in many ways. I'm a single mother really struggling and the program helps me by bringing my 7 month old son diapers when he needs them. They also accompany me to appointments. My home-visitor and I meet once a week and she teaches me about the developmental stages of my son. I hope you take this into consideration and allow the programs to continue helping the families.

Sincerely,
Jennifer Sola
